## Saxon wall hanging Evaluation

☆ I like the organ tones because they stand out from the white and purple.

☆ I like the colours because they are my two favourite colours so I chose that one design.

☆ I would put one more colour on it like blue or green.

I've been sticking my nose on to green stems in the jungle. I spotted a black and white toucan sitting on the tree. "What have you done today?" asked the old man. "I've been neatly building a nest out of leaves and twigs for my eggs that I yoked earlier the toucan. And the old man continued his journey on as he walked into a long, yellow, orange and black striped tiger. "What have you done today?" asked the old man. "I've been stealthily hunting meat for my brook feet today," ~~reared~~ the tiger. ~~And~~ the old man turned around and went back to his small wooden house.
